DEMOCRATIC CANDIDATES FOR CITY AND TOWNSHIP OFFICES AT THE ELECTION, NOVEMBER 7.

Now that the strife and turmoil incident to the local option election have subsided; now that it has again been settled for three years under what conditions business shall be done in Marion county, candidates for various municipal offices are due for an inning. They haven't had much of an opportunity for the last three weeks to get properly before the people with their ideas, nor had the people any time to listen to anything but the "wet" and "dry" question.

Next Tuesday Marion selects her chief executive and other officials for a period of two years. The regular election coming so closely on the heels of the recent struggle may have a tendency to ruin the voters' perspective; he may, in some cases be unable to see clearly or understand thoroughly just what sort of men are being presented for his support.

The Democrats of this city believe they have an exceptionally strong ticket in the field; they believe their selection is better than the people in general know. As before stated, the voters' view has been more or less obscured for the past three weeks and he is likely to permit some sort of a prejudice, born during the recent campaign, influence his vote at the polls next Tuesday. That is one of the unfortunate conditions brought about by the local option election.

First and foremost of Democratic city ticket comes Claude D. Walters, candidate for mayor. At the primary Mr. Walters demonstrated his astonishing popularity and campaigning ability by simply running away with his opponents. When it is known that Mr. Walters made his campaign and won the nomination without having pledged himself in any manner, his remarkable vote is all the more astonishing.

C. D. Walters, a resident of Marion for 29 years. He owns property in one of the more prosperous communities of the city. He is, therefore, in a position to conduct his office, always with an eye out for the best interests of the taxpayer, because he is one of them. For about ten years he has been engaged in business on West Center street and has served the city faithfully and efficiently for two years as City Treasurer.

Mr. Walters has no particular platform other than an honest, square administration of the affairs of the city, and a strict enforcement of the laws as he finds them. He didn't make the laws and he doesn't intend to attempt to go behind them. Op-

CLAUDE E. WALTERS.
Democratic Candidate for Mayor.

ponents claim that saloonists will not be compelled to obey the law if Claude Walters is elected. Now listen: Claude Walters understands, and the saloon men of Marion understand that each and every law relating to the conduct of saloons is to be rigidly enforced and as strictly adhered to. Without ever having gotten together, this agreement has been reached. The saloon men not only want to obey the law, but they want it enforced without fear or favor. They have made this arrangement among themselves.

On the other hand, when Walters started in the campaign for nomination, he let it be known mightily forcefully, that a bootlegger or a restaurant saloonist could expect no mercy. With both sides agreeing on that proposition, there doesn't seem to be any great reason to fear that the peace and morality of Marion will not be in the keeping of an even-minded, fair, common sense executive. So much for the "wet sympathy" of Claude Walters. Those who know him best will vote for him unhesitatingly, knowing that he has made a success of his own business and that he has been "square" in that business. They know he will also be "square" in conducting the city's business should he be elected.

President of Council.
The next Democratic candidate is J. J. Rudolph, who has been selected by the members of his party as their choice for the position of president of the city council. "Jakey" Rudolph is another candidate who may look with pride upon many many years spent in this city, during all of which time he has been identified prominently with his party, in which he has been an active worker.

Mr. Rudolph was for years one of the chief assets of the big Pfender-gast company. He is now serving his second term as councilman from the second ward. His first election showed a great majority and his second was much larger. This fact is mentioned simply to show that Rudolph has been doing good work in council; that his work has been satisfac-

factory and that the people of his own ward want him to represent them. If Rudolph's judgment for four years was so satisfactory to the people of his ward, wouldn't the experience he has gained in that time be a pretty good thing for him in the position of president of the council? It usually takes a man one term to become acquainted with the manner in which things have to be accomplished. The Democratic candidate for president of the body which spends Marion's money, knows how to accomplish things and has the courage to proceed when he feels that he is right. The Democrats of Marion will make no mistake by electing "Jakey" Rudolph.

City Treasurer.
Democracy's candidate for city treasurer, Charles W. Criswell, is one of the wheel-horses of the party. He has always been going to the front for his party and is one of those in and out of season workers who constitute the dependable element of the party which acknowledges the roster as its emblem.

The office of city treasurer is not one that calls for all of one's attention, but it does require accuracy and faithfulness and if anybody in Marion is better qualified, or more honest than Charles Criswell the fact has not yet been made known.

City Auditor.
Wm. J. Fies, Jr., hardly needs an introduction to the people of Marion. He was born here, reared in the public schools, has been for Marion against the world and, having been brought up in an atmosphere of Democracy that knows no compromise, it isn't strange that his political beliefs are of the plain, old-fashioned kind that make his opinions respected whether they may be agreed with or not.

"Billy" Fies is now occupying a responsible position with the Steam Shovel company. Just before the recent primaries some of his friends got to wondering why he wouldn't be just the man for city auditor. The thing was suggested to him and, being always ready to serve his party, he accepted and was nominated. Having been associated in business with his father for a number of years, he has an extensive acquaintance and is noted for his honesty, upright, sterling integrity. "Billy" will make an ideal city auditor and his campaign will make the opposition sit up and take notice.

City Solicitor.
When it came to making a selection for city solicitor, the Democrats had trouble. They wanted Fred E. Guthery to be the nomination. Mr. Guthery to take the nomination. Mr. Guthery for the place and didn't want to sacrifice any of his splendid practice, but finally decided that, as he had always been a Democrat, he wouldn't let his party go begging if it demanded his nomination. No other Democratic attorney would run against him in the primaries for the reason that they realized that the city interests could not be placed in any better hands than those of Mr. Guthery. They realized that many grave problems are likely to arise within the next two years and they wanted a man at the head of the city's legal department whose opinions would be accepted as almost final. They wanted a man whose success in his own practice spelled safety for the city. And that's the kind of man they nominated. Mr. Guthery's election is conceded, but every Democrat is urged to whomp up his majority to the end that he will feel in making a sacrifice he is doing it for people who really appreciate him.

Councilman Ticket.
Perhaps never in the history of the local Democracy has it selected such a strong councilman ticket as appears this year. Councilman ticket is found in every corner. The city council is the money-spending body of the city. It appropriates and it spends the funds raised by taxation. The life of a councilman is anything but a sweet, peaceful dream. Your councilman who does his duty is the fellow who leaves his work, which pays perhaps four dollars a day, to go poking around in alleys, examining sewers, investigating all sorts of public work. The work he does in most cases is but a small part of his real work. The councilman who makes personal investigations and then spends two or three nights a week attending committee meetings, very frequently has but little to say in a regular council meeting. That is why he is frequently misjudged.

In the first ward the Democrats have renominated W. L. Ullom for councilman. Mr. Ullom is employed at the Huber works and is engaged in the grocery business. He is one of the most level-headed, strong, forceful men that ever sat in council. Ullom doesn't talk much but when he opens his mouth he gets rid of a few crisp sentences that hit the situation fairly on the nose and end further argument.

The second ward Democrats present T. J. Clary for councilman. "Tom" Clary is a man who was nominated and he didn't know they were voting for him while he was gone. This fact is mentioned merely to show that the people of the second ward know what they want and proceed to get it. This is an especially plain case of the office seeking the man. Tom Clary has lived in Marion almost all his life. In a general way four-fifths of the people of the city know him. They know he is one of the clearest, genial, well-balanced, level-headed young fellows in the city. They know that when elected he will give the city the benefit of a broad-mindedness and knowledge of human affairs that will be for the best interests of all the people.

B. B. Carter, the Democratic councilman choice in the third ward is one of the strong men of the party. He is a man of mature judgment and experience who holds the respect and confidence of his fellows and who would always be found on the side of conservatism and the strictest honesty. He has been employed in the Marion Steam Shovel works about 25 years and his interests have been the interests of the west end of the city. He would be a fine representative of that hustling, aggressive organization of business men who are bringing the west end into its own.

Out in the fourth ward A. J. Sauter was recently appointed to fill out the unexpired term of W. B. Strayer. Almost immediately he got into action and has been a splendid representative of the workmen among whom he labors. He was renominated at the primaries and is making a fine campaign which will unquestionably land him a winner next Tuesday.

Councilman-at-Large.
For councilman-at-large the Democrats have selected three strong men who will undoubtedly receive splendid votes in the coming election. T. J. Lucas, Levi Roseberry and L. H. Delander are the Democratic candidates.

All three are well known and have the confidence and respect of a very large circle of acquaintances. All are business men and have a good knowledge of municipal affairs. They can be depended upon to give excellent support to Mayor Walters, who, when elected, will endeavor to give Marion a business administration.

Three councilmen-at-large are to be selected and the electors of Marion can select none who will serve the public better or more faithfully.

Township Ticket.
The Democratic ticket in Marion township is one that cannot be passed up without serious consideration and one that will doubtless find much favor with the voters next Tuesday.

For trustee, three to be elected, the Democrats have nominated Charles Peterson, W. D. Whipple and G. P. Parks. All three are men of good standing, capable and if elected, can be depended upon to give an economic administration of township affairs.

Dr. C. P. Galley is again the party nominee for township treasurer and as usual the doctor has no opposition a pretty compliment paid him by the Republicans. The Democrats return this courtesy by making no nomination for township clerk to oppose the present incumbent, I. E. Osburn.

Much can be said concerning the Democratic candidates for justice of the peace, yet both Charles E. Gumpf who is now serving and Charles W. Haberman, are both so well known as usual the doctor has no opposition a pretty compliment paid him by the Republicans. The Democrats return this courtesy by making no nomination for township clerk to oppose the present incumbent, I. E. Osburn.
